

TRADESHOW EXHIBITS

Exhibit Design

Our team creates designs that will engage your customers and support your sales and marketing strategies. Our unique, innovative designs will make the most of your budget. We provide you with color renderings and detailed drawings that allow you to see exactly what your booth will look like.

Graphics

Graphics are the most important physical element of an exhibit. They define your company and your branding on the show floor. Our designers and production specialists have a wealth of experience in the unique realm of exhibit graphics.

Rentals

Renting your next exhibit can be a great option if you are looking to maximize your budget. Design Group offers all exhibit types from fully customizable to standard pre-fabricated booths, and we offer rental rates on all exhibit styles. Many options are available and include off-the-shelf packages, semi-custom booth rentals, and fully customized booth rentals. Our turnaround time for rentals is extremely fast, and you can be ready to show even on short notice.

Install and Dismantle Services

Let us take care of installation and dismantle for you. From blueprint to breakdown, we are a full service exhibit solution provider, offering a complete line of support services anywhere in the world. There's no need to hire outside agencies, because we can take care of it all, making the process far more productive and cost efficient for you.

Warehousing

Design Groups' commitment to deliver superior service extends to shipping, handling of exhibit properties and storage. Our warehousing procedures protect your investment and reduce costs.
